## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statement filed 05/10/2004 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but part of the information referred to therein has not been considered.

### ***Reissue Applications***

2. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error, which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. For example, "failure to include the following claims in the original patent..." is not an acceptable statement of an error. Specific changes or amendments to the claims must be identified. If new claims are presented, their differences from the original claims must be pointed out. Applicant must state an error, which causes the patent to be invalid or inoperative.

3. **Claims 1-24 and 34-51 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.**

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

### ***Allowable Subject Matter***

2. Claims 1-24 and 34-51 are patentable over prior art.

Art Unit: 2871

3. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).
